Considering the next steps for your child's education?

Minster Trust for Education is a community of schools working together for the benefit of children, such that high quality education is developed in all its facets. Each school remains uniquely itself and distinctly part of MITRE. Together we help every child to flourish, opening doors to fulfilling futures.

We invite prospective parents/carers to visit as many of our local schools as they can to help decide which might provide the education and experience that best suits their child's needs and aspirations. Each has something very special to offer and there is the opportunity to find out more at open events in the coming months.

Further information can be found by visiting the school websites, contacting the school directly or by scanning the QR codes. We look forward to welcoming you to our MITRE schools.

A warm welcome to Holy Trinity, where we understand that a child's formative years of education are pivotal in shaping their longer term approach to learning. Our team constantly strive to provide the best possible experiences and opportunities for all of our children, supporting them on a journey to become life-long learners.
